Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment: On May 18, the applicant informally (an improper fax) petitioned for a time extension of a reply to a non-final office action because of an address change that he believed was not properly documented in the patent office system. The current record in the case shows no evidence of such an change of address form; and after talking with applicant about the instant issue around the same time, the applicant was told how to properly file an official petition (for purposes of the lost change of address form) as well as a proper change of address form. The examiner has not heard from the applicant since, and attempts to contact applicant through the listed number have been unsuccessful (invalid number).
